

ELECTRIC COILS (EC)

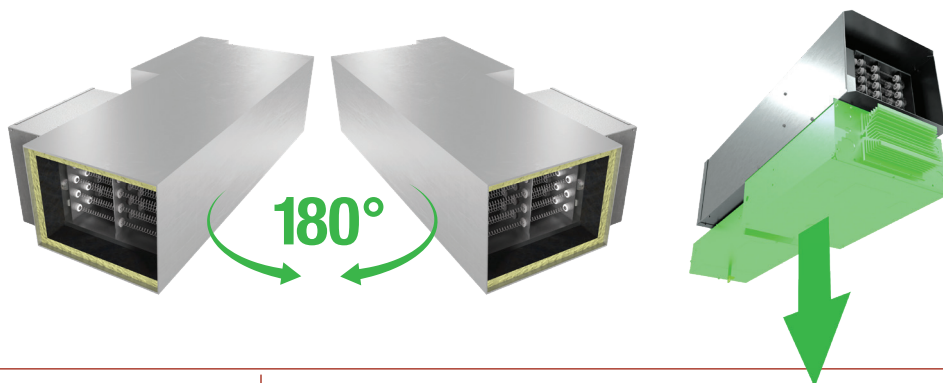

Electric Coil Construction

- + ETL/UL Certified with 3 safety components
- + Made in America
- + 80/20 open wire nickel-chromium elements
- + Available in single point and dual point connections for fan powered applications

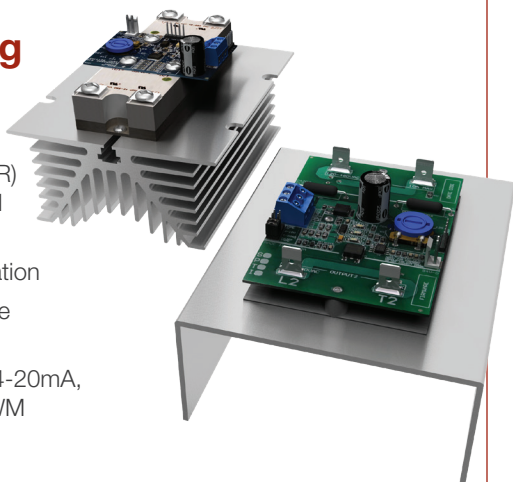

Coil Orientation

- + The electric coils can be flipped 180° to change handing from left to right handing
- + Controls bottom option for single duct units

SCR Heating Control

- + Available with proportional (SCR) or staged control
- + SCR control
 - Silent Operation
 - Built by Price Industries
 - 0-10 VDC, 4-20mA, and 24V PWM

Discharge Air Temperature Probe

- + SCR-DAT allows for local real time temperature measurement
- + Improved thermal comfort
